The power behind the power moves

THE report on the state's big developers calling on the Government to privatise the electricity industry ("Spark up for property call" Herald 13/9) will come as no surprise to many.

What some readers may not be aware of is that NSW Urban Taskforce chief **Aaron Gadiel** until recently worked for ALP right-wing heavyweight Eddie Obeid.

It yet again illustrates the close relationship between developers and the NSW ALP Right most of whom I believe really belong in the Liberal Party.
